con tecnología de avanzada es primordial para el resultado del producto final, esto unido al asesoramiento adecuado de profesionales capaces de dar soluciones al momento de comprar nuevas tecnologías.

El Sr Miguel Leon reconoce que ha encontrado en Vérité el apoyo que buscaba, brindado por quienes manejan profesionalmente la materia audiovisual en el campo técnico, y esta

fusión de conocimientos: ingeniería técnica y productor, permite obtener como resultado los equipos apropiados para cada estilo de producción y para cada necesidad en los proyectos que se presenten, nunca dejando atrás la opinión del director de la producción.

El Sr Miguel Leon es un feliz poseedor de la innovadora cámara SONY que graba en estado solido PMW EX1 y esta feliz con los resultados de la calidad cinealta que esta le presta.

Miguel Leon in English

This time presenting the company: Tecnología Audiovisual Formato Libre, C.A. (100% digital formats) Latin America brings us, from Venezuela, the production company of the year Tecnología Audiovisual Formato Libre, C.A. that creates documentaries in English and Spanish showing the unsurpassable beauty of this country.

Being the first company to distinguish itself with a quality product, as it is shown in the documentaries it has produced its content based on a total-

ly digital technology; the company has gained recognition as the production company of the year in its country.

Miguel León, a well known ambientalist in Venezuela, is the president of Tecnología Audiovisual Formato Libre, C. A. In the past years, Mr. León, together with a great team of professionals, has produced a series of 30 documentaries entitled "Así es mi País" (This is my country) to offer through the TV screen a mostly unknown Venezuela, with the most amazing scenarios and touristic places

of a country with a rich nature and a very special people waiting for visitors to share a pleasurable experience.

León reveals that having a combination of high end technology and the appropriate counseling of professionals who are able to provide solutions when purchasing new technology is of capital importance to the final product.

León recognizes that in Vérité he has found the support he needed from professionals in the technical audiovisual arena who embody the perfect

balance of technical engineering and production knowledge, which makes it possible to find the most appropriate equipment according to the style of production and meet the needs of the projects presented and, at the same time, comply with the desires of the director of production.

Mr. Miguel León is a satisfied owner of the innovative SONY solid-state camera PMW EX1 and is absolutely amazed about the image results the camera renders.
